

WAR, HUNGER & NEW DEAL

16,000,000 workers have been unemployed for the past nine years. WHY? Because the capitalist system has broken down. It cannot provide jobs for its millions of wage slaves.

One third of the workers have no jobs, live only on a measly relief check, WPA, rooting in garbage cans, living in ramshackle tenements. WHY? Because the capitalist system has broken down. It is starving out the working class.

Roosevelt is just spending an additional \$800,000,000 for war planes, anti-aircraft guns and other war materials. WHY? Because the capitalist system has broken down. It is trying to "solve" its problems by killing off the workers in another bloody war for profits.

YES, THE CAPITALIST SYSTEM HAS BROKEN DOWN AND THE WORKERS ARE SUFFERING UNTOLD MISERY -- UNEMPLOYMENT HUNGER, WAGE AND RELIEF CUTS, AND OTHER HARDSHIPS!
